To send a catalog or pages from a catalog via e-mail, you simply have to attach the corresponding .pdf document to your e-mail. You may want to include a note to the recipient that the file is in .PDF format and requires Adobe Acrobat Reader to view. Adobe Acrobat Reader is a free program which can be downloaded from www.Adobe.com.

To determine which file you should attach, select which item you would like to send:

INDEX OF INDIVIDUAL PAGE FILES

To minimize file size for e-mail purposes, the larger catalogs (shown below) have also been broken down into smaller files, which permit you to attach only the needed pages of these catalogs to your e-mail. The files are located in the directory shown and the name of the file denotes what it includes (i.e. MMDdims.pdf contains the dimensional data for the MMD reels). Note: '*x*' denotes the letter of the drive which contains the Gleason catalog CD.

TRAK PRODUCT LINE	
To attach this:	Look for files in this directory:
Individual pages from Series E Steel Trak Catalog	*x*:\Pages\Trak\ETrak\
Individual pages from Series GRP catalog	*x*:\Pages\Trak\GRPTrak\
Individual pages from Series G catalog	*x*:\Pages\Trak\GTrak\

REEL PRODUCT LINE	
To attach this:	Look for files in this directory:
Individual pages from Cable Master reel catalog	*x*:\Pages\Reels\CM\
Individual pages from MMD & SM reel catalog	*x*:\Pages\Reels\MMD&SM\
Individual pages from S & WB reel catalog	*x*:\Pages\Reels\S&WB\
Individual pages from SHO/TMR reel catalog	*x*:\Pages\Reels\SHO&TMR\
Individual pages from U, K and Hose Master reel catalog	*x*:\Pages\Reels\UK&HM\

FESTOON PRODUCT LINE	
To attach this:	Look for files in this directory:
Individual pages from the Trak•Master catalog	*x*:\Pages\Festoon\CRail\
Individual pages from the Beam•Master catalog	*x*:\Pages\Festoon\Ibeam\

Examples:
If you wanted to send a customer the entire Beam•Master catalog you would attach the file IBEAM.pdf which is located in the *x*:\GRCATS\FESTOON\ directory.

However if you only wanted to send information on the I115-M festoon, you would simply attach the file I115-M.pdf which is located in the *x*:\Pages\Festoon\Ibeam\ directory.

Note: Any of the catalogs not shown on the individual page index can only be sent as a **complete catalog**.
